

## TRAINING ANNOUNCEMENT

### One Page Profile/Description Training

The Division of Mental Health Developmental Disability and Substance Abuse Services (DMHDDSAS) recently notified the field of the new Person Centered Plan format. The new format revised the person centered aspects of the Person Centered Plan by incorporating the **One Page Profile/Description** (*the first page of the new Person Centered Plan*).

DMHDDSAS has been engaged with the Centers of Medicare & Medicaid and the National Association of State Directors of Developmental Disabilities in a grant/project developing person centered practices across North Carolina. The project has been focused on developing person centered organizations by working with several mental health, developmental disabilities and substance abuse providers that understand and use person centered practices. The **One Page Profile/Description** is one of many person centered tools utilized.

Within the grant/project DMHDDSAS has the opportunity to provide technical assistance to service providers in implementing person centered practices.

DMHDDSAS has decided to invest its technical assistance funding by offering **six trainings on completion of the One Page Profile/Description of the new Person Centered Plan.**

**Come Join Us in Learning a New  
Person Centered Practice!**

#### Target Audience:

Licensed or Qualified Professionals within mental health, developmental disability and substance abuse services who:

- Are responsible for directing and planning agency training

- Are agency trainers
- Are responsible for writing/facilitating Person-Centered Plans

\*\*\*Only one person per agency may attend due to limited class size of 30 participants.

### Training Description:

The training will focus on understanding and learning how to develop the **One Page Profile/Description** for the new Person Centered Plan. The new Person Centered Plan format is now available on the DMH/DD/SAS website (<http://www.ncdhhs.gov/mhddsas/pcp.htm>).

This training will primarily address:

- The purpose of a One Page Profile/Description
- The Person-Centered Thinking Tools and Skills needed to gather and synthesize information for the One Page Profile/Description,
- How to use the One Page Profile/Description to develop a full Person-Centered Plan.
- Introduction/connecting the rest of the Person Centered Plan format including the Action Plan and Crisis Plan.
