RE: Target Populations

Needed immediately: updated information on Target Populations.

Submit updated target populations on your consumers (refer to Memorandum sent out by Leza Wainwright on September 11, 2008).

Because of the need to retarget populations, the LME needs this information to be submitted by providers no later than 2/13/2009 in order for the LME to process the information. If it is not submitted to the LME, the Division will automatically end the target populations which may affect your billing.

Contact Medical Records at 252-407-2466 if you have any questions
